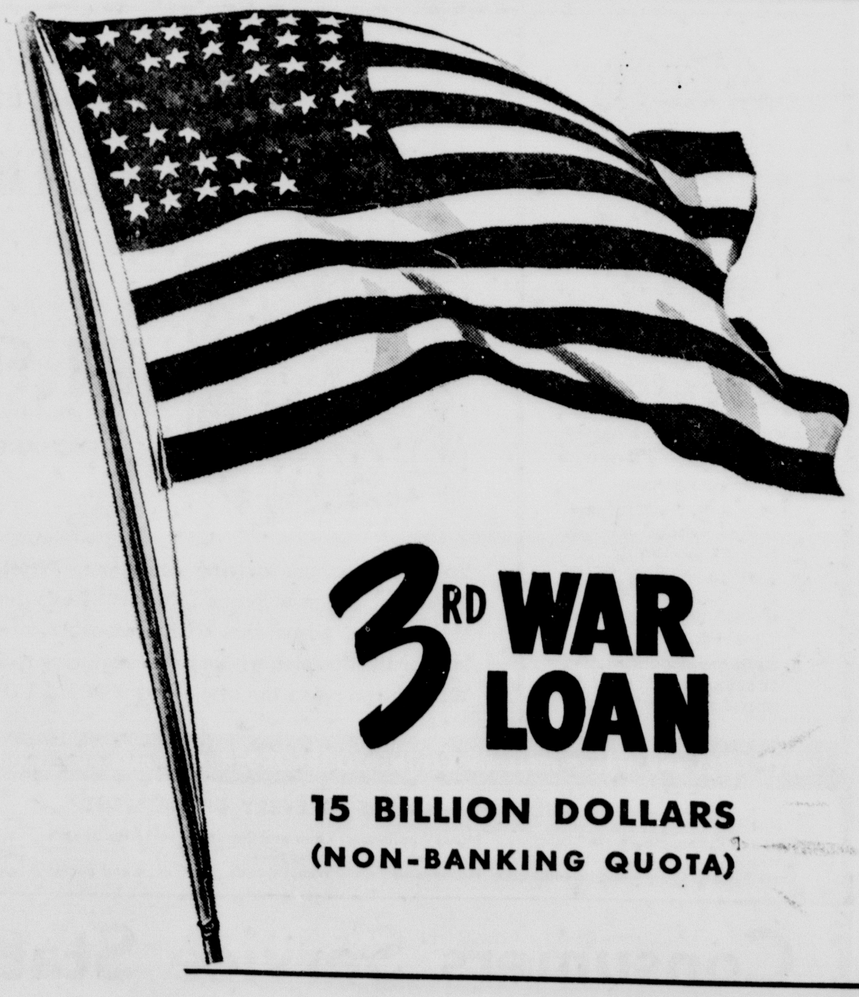
Thursday— September 9

THE 3rd WAR LOAN DRIVE STARTS —TO BACK THE INVASION!



3RD WAR LOAN

15 BILLION DOLLARS
(NON-BANKING QUOTA)

What you will be asked to do—

MARK WELL the date—Thursday, September 9th. For on that day, *you* must answer to your country's call.

On that day, the 3rd War Loan Drive opens. To you—and to every other true American—a clarion call goes forth to rally to the support of our flag.

You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA $100 War Bond. Those who can, must invest more—thousands of dollars' worth more. Each and every one must do his full part.

Scrape up the money from every source you can . . . turn in all the loose cash you carry with you . . . dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and *win*.

These men are throwing everything they have into this fierce invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you *can* show you're with them to the limit! You can say it with Bonds . . . EXTRA Bonds this month.

World's Safest Investments

For this 3rd War Loan, you will be offered your choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back $4 for every $3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: $25, $50, $100, $500, $1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943: due December 15, 1969. Denominations: $500, $1,000, $5,000, $10,000, $100,000 and $1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; ⅞% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G".

Why The Oil Shortage?

Oil men and responsible public authorities have pointed out that rationing of fuel oil and gasoline is in no sense attributable to any failure on the part of oil companies.

The facts are simple. To run a mechanized war requires literally billions of barrels of oil. No other nation was as well equipped to produce oil either by nature or by the enterprise of its citizens as this nation was when war came. We had huge oil reserves in the ground and, equally important, we had an efficient private industry operating under competent management which knew how to get that oil out of the ground. And it got it out in astronomical quantities upon short notice.

Moreover, this is not all the oil industry had to do upon short notice. A thousand bombers during a single four-hundred-mile raid over Germany burn approximately 1,000,000 gallons of 100-octane gasoline. The oil companies had to develop refineries to produce such high-test gas, in itself a staggering job. Before the war, 100-octane gasoline was not produced in quantity. Suddenly the whole war effort depended upon getting it in quantity quickly. It was up to the oil companies to get it. They got it—and in time.

Many months ago oil men began warning that the nation's oil reserves were being used up faster than the rate of discovery. The discovery rate of new reserves has not stepped up to meet increased demands for the simple reason that the cost of "wildcatting" is far too high in relation to the price of oil which is set by government decree. Until the price is adjusted, oil will continue to become more scarce.

Continued government-imposed handicaps on oil production will cost our nation dearly.

The News has been asked a score of times recently if there would be any holiday bargain rates on newspaper subscriptions this fall. The answer is, "no." Most of the large daily newspapers have already announced that they can take no additional subscriptions. While no announcement has come from the daily papers of this area, we know how hard hit these newspapers are, and the managers consider that it would be folly to put out special holiday rates. *The Canyon News* will look after renewals on your daily newspapers, but we are assured that you will not be able to secure reductions in rates this year.

The Republican big-wigs got together this week trying to figure out a way to defeat the President in 1944. As a matter of fact, they have to defeat Willkie first, and in so doing they may be placed in the unhappy position of almost declaring for an isolation policy. If the party has to openly sponsor such a policy the big shots had as well forget to put out a candidate next year. Certainly the people of the United States are not going to be fooled again into believing that our isolation leads to security.

The Russians continue to drive the Germans back. The fact remains that the Germans shorten their lines of communication in these withdrawals, and the Russians enter territory which has been absolutely stripped of everything which is of use. This shortened line will allow Hitler to release about 50 divisions of men to face the United Nations at other places. It is well to face the facts that the war is not yet won. We have merely secured a very small toehold on Italian soil.

Post War Planning

The nation as a whole is planning for post-war activities. The idea is to provide for public works before the war ends so that men who are discharged from the army may have jobs when the shooting stops.

We do not want to see another situation similar to the one of 1918-20 when war veterans walked the streets looking for something to do.

It will take several months to reconvert industrial plants from war manufacture to peace activities.

While it is assumed that men under arms will not be discharged so recklessly as they were following the first war, yet every economist expects a decline, or slump, or depression, whatever you may wish to call it, following the war. Several million war workers will be out of jobs as soon as hostilities cease. If large numbers of soldiers are discharged immediately the situation would be tragic.

In most of the post-war planning it is generally assumed that Uncle Sam will pay the major part of the expense. Uncle Sam has been playing Santa Claus for a long time. The nations of the world expect us to continue playing this role. Naturally the home folks will look to the federal government to take care of the workers and soldiers as they are discharged from duty.

Canyon officials are looking forward to that day. Not all of the suggestions will be carried out, but there are many things on which all of us will agree, and which will furnish a lot of work for a large group of men.

The News presents a number of projects. Others may be presented, but it is a start on post-war planning.

Perhaps at the head of the list will be an airport. With hundreds of air-minded Randall county boys returning home, they will buy planes as soon as they can. Within a few years the air will be full of planes owned by these boys. Therefore, an airport must be provided.

A scenic highway from Canyon to Memphis down the Palo Duro Canyon will provide work for hundreds of men for many months.

Paving the highway through the Buffalo Lake property and on southwest to Dimmit would open a fine trade territory for Canyon.

Paving a loop by the City Lake would open another resort in Randall county.

Canyon has long felt the need of a hotel. When the war stops people will resume travel. A good hotel will be of major importance to the future development of the town.

Canyon has been through a mild water shortage this summer due to the continued dry period. One of the wells has been practically out. Had it not been for the water plant at the college Canyon people would have experienced a very difficult time. It is time that the city plant be enlarged to take care of emergencies such as we have experienced.

Dr. J. A. Hill has a number of projects on the campus, including the completion of the Museum building; a library building; completion of Randall Hall; completion of paving around the campus. Other needed projects will show up as the months pass.

Maybe you can think of more appropriate projects than the above, or add to the list several projects which would make Canyon a better place in which to live. If so, write a letter to this newspaper. While planning for the future, let's catalog all of the worthwhile projects for future reference.

Have you conducted the guessing contest with yourself? We refer to the income tax declaration which must be filed Sept. 15. Just why this law was enacted is beyond us. The more we study the regulations, the more puzzled we are. Washington bureaucrats did a super job in the words, words, words, sent out in this order. If you guess wrong, it will be too bad. And no one in business can foretell what the balance of the year will bring forth. But we all have to guess.

When you are told to do your Christmas shopping early, it will be no joke this year. Mailing packages to the men and women in service overseas starts Sept. 15. The postoffice warns citizens not to wait until Oct. 14 to mail their Christmas packages overseas. If a majority of the people hold their mailings too long, many packages will not reach overseas destinations by Christmas. So mail them early.

The President called a newspaper man a liar for stating that the State Department is anti-Russian. The President could have made a better defense of the department of citing instances instead of getting mad. He is not accustomed to using such strong language. The fact that the President did boil over and use strong language indicates that there was more truth in the statement than he cared to admit.

I GIVE YOU TEXAS

by BOYCE HOUSE

While in San Antonio a while back for the South Texas oil men's dinner to make the principal address at the invitation of Col. Ray Leeman, your columnist heard an old-time oil field story.

It used to be that, instead of cable, a Manila rope was used in drilling. One morning, a swarm of bees settled on the rope and stung it so severely that it swelled to 20 times its normal size. In fact, the rope was so swollen that it wouldn't go down into the well.

But a driller remembered the bottle of Sloan's liniment that was always kept handy. He poured some on the rope and, in a little while, the swelling had gone down and drilling could be resumed!

While American soldiers and sailors are fighting on foreign fronts to preserve our freedom, the criminals are trying to take over on the home front. In a Texas city recently, a couple weren't satisfied just with robbing an aufoist but forced him to drive them to a place which they then held up; they didn't care if this peaceful citizen got killed—(fortunately, he did did not, but no thanks to the ruthless pair).

Then, soon after that, another thug drew a pistol on officers and endangered the lives of everyone in a crowded eating place; in an effort to prevent arrest, he even seized a little boy and used him as a shield.

Juries should get tough; thieves and hi-jackers are potential murderers; they are enemies of our country and should be treated as such. Let's end the coddling of crooks in this country and have a belligerent sentiment against criminals and for the safety of human life and of the property we have worked to earn.

The prettiest business section in the Magic Valley—mind you, I didn't say the biggest or busiest but the most beautiful—is that of Weslaco. The Main Street looks like a scene on the stage. Nearly all the buildings are of the same height; nearly all are white; they are of stucco exterior, of a Spanish type of architecture, and the signs harmonize with the setting. The principal street is wide and is dominated by the beautiful Cortez Hotel, which is at one end.

A block away from Main is the city hall, a touch of old Toledo, ornately sculptured, the front and dome of colored tile. Yes, Weslaco is a lovely, little city.

Capital of Tunisia

Tunis, capital of Tunisia, is also the chief commercial port of the French protectorate which is becoming a leading North African battlefield. The city, less than ten miles south of the ancient harbor of Carthage, and about 40 miles from northern Tunisia's important naval base of Bizerte, is located at the end of a shallow lake through which has been cut a deep, narrow, six-mile-long ship channel connecting the city with the sea.

GOOD AS ANY

With determination in his eyes, a man tackled the manager of an engineering shop.

"I'm looking for a job as mechanic," he said briefly.

The manager studied him for a few moments, and then said:

"But aren't you the man we fired yesterday?"

"That's right."

"Then," asked the manager, "why have you come here looking for a job?"

"Why not?" retorted the applicant truculently. "I lost it here, didn't I?"

OLD SETTLER

Victim—Oh! I didn't expect to meet you.

Burglar—Dat's strange! I've been operatin' in dis neighborhood fer weeks.

Counts 'Em

The policeman's son was learning music.

"How many beats to a bar is this piece of music, dad?" he asked his father.

"Fancy asking a policeman a question like that," said the boy's mother. "If you had asked your father how many bars to the beat he'd have been able to tell you!"

Getting Acquainted

Nancy (to new neighbor)—Are you going to live here?

New Girl—No, I'm just visiting here from Providence.

Nancy—Oh, are you?

New Girl—No, R. I.

School Troubles

Boy—It's sure funny!

Girl—What's funny?

Boy—How a teacher can be so easy on the eyes and so hard on the pupils!

In the Restaurant

Man (preparing to pay his check)—I see by the sign that tipping is forbidden.

Waiter—Lor' bless you, sir, so was apples in the garden of Eden!

Fireside Thoughts

Mrs.—Did you ever notice what serene dispositions baldheaded men have?

Mr.—Yeah, nothing ever gets in their hair!

Working His Way Out!

Boss—What are you doing with your feet on the desk?

Office Boy—I lost the eraser and I'm using my rubber heels.

Say It Quick

Mr. Jones—Well, son, how did the fight start?

Sonny—It started by Joe kicking me back.

Army Intelligence

Captain—Now men, in case of a gas attack what steps would you take first?

Voice in the Back—Long ones!

Head of the Class

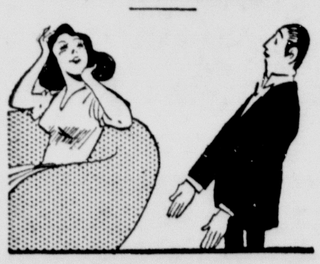
Teacher—Use the word "Eureka" in a sentence.

Bright Boy—After you eat garlic Eureka!

Tall Story 9999

The soldiers in Africa said it was so dry in the desert, they had to put the stamps on their letters back home with safety pins.

NOTHING TO OFFER



"All I have I lay at your feet."

"That'd be fine, Mr. Jones—if you had anything."

We Knew It

Neighbor—How's your cold, Mr. Toodle?

Toodle—It's very stubborn, Neighbor.

Neighbor—And how's your wife?

Toodle—Oh, she's about the same!

Prompt Delivery

Harry—If I sent a letter to the dumbest person in this town, who do you think would get it?

Carrie—Well, I wouldn't want to say but it probably would be returned to the sender.

BUY MORE WAR BONDS!

Proclamation

TO THE PEOPLE OF THE UNITED STATES

Proclamation

RECOGNIZING THE FACT that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this Third War Loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world. It is my earnest hope that every American will realize that in buying War Bonds in this Third War Loan he has an opportunity to express voluntarily and under the guidance of his conscience, the extent to which he will "back the attack."

The American people supported well the first and second War Loan drives and in fact did even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington, this twenty-sixth day of July, in the year of our Lord nineteen hundred and forty-three, and of the Independence of the [SEAL] United States of America the one hundred and sixty-eighth.

By the President:

CORDELL HULL
Secretary of State.

Mrs. Stine and Dan K. Usery Are Married Thursday

Mrs. Ruth Matthews Stine of Amarillo and Dan K. Usery were married Thursday evening at 6:30 o'clock at the home of Miss May Smith, 1510 Washington Street, Amarillo. Dr. A. D. Foreman, Jr., pastor of the First Baptist Church officiated.

The only witnesses were Miss Smith, Sam J. Elkins, both of Amarillo and Mr. and Mrs. Clyde W. Warwick of Canyon.

Mrs. Usery has been a well known business woman of Amarillo for several years. She was connected with the Texas M. & M. Company, and later auditor for the Amarillo Hotel. She is president of the Amarillo Pilot Club and treasurer of the Texas Federation of Business and professional Women's Clubs.

Mr. Usery has been a member of the News staff for 35 years.

They are at home at 1906 Sixth Avenue.

New Questionnaires Being Made Out By All Married Men

Family relation questionnaires have been mailed to all men of military age in the United States. Local boards are required to have these men classified by Sept. 15 and report to the army the available man-power.

Men with children are asking scores of questions regarding their standing under Selective Service, but so far no adequate answer may be given.

The Randall County Board meets Friday afternoon to classify men who have returned the new questionnaire.

Men who are eligible for deferment will be first taken from the roll of prospective soldiers. This includes farmers and men who are engaged on jobs which are deemed by Selective Service to be essential to the war.

Randall county has a comparatively few men who are engaged in unnecessary vocations and who are subject for induction into military service at once. However, all of these will be called in order as soon as the army needs more men. Just when pre-Pearl Harbor fathers will be called for military service is still unknown.

No pre-Pearl Harbor fathers will be called in Randall county before November owing to the fact that the October call is for only four men and the local board has these available.

Johnson Raised the Best Corn in Years

B. T. Johnson states that he raised the best corn in his garden this year that he has ever produced. He watered the corn only once.

The secret of his good crop was due to the fact that he spaded the ground 12 inches deep. He displayed corn roots yesterday and the fine bunch of roots were 12 inches or more in length. They grew almost straight down. Due to the deep spading the ground absorbed all of the moisture during the summer and the roots went down after the moisture.

Mrs. Johnson has always raised corn on the Plains and says that proper seed bed cultivation will always get results.

Sanford Black, Jr. Commissioned 2nd Lieut. at Barkeley

Lieut. and Mrs. Sanford Black, Jr., spent the week here visiting in the home of his parents, Mr. and Mrs. Sanford Black.

Lieut. Black received his commission as 2nd Lieutenant at Camp Barkeley on Sept. 1. He was given a short leave to visit at home. He is in the Medical Administrative Corps. Officers and men in this branch of the service perform non-medical duties in all medical units from front line stations to general hospitals in the U. S. It is a comparatively young corps in the service.

Cold Wave Dropped Temperature 50 Degrees Sunday

The temperature at noon Sunday was 100 degrees. A cold wave hit during Monday night and the temperature dropped to 50 degrees.

The mercury stood at 46 degrees Tuesday morning.

No rain came with the low temperature in this section of the Panhandle, although the North Plains report some moisture.

Stork Beats the Ambulance Sunday

A son was born to Mr. and Mrs. Antone Hartman Sunday afternoon at 3:45 o'clock in the ambulance which was taking Mrs. Hartman to an Amarillo hospital. The ambulance was traveling as rapidly as possible through the streets of Amarillo, but the stork beat the machine.

Mr. Hartman was riding with his wife and called to the driver before the hospital was reached that the baby had arrived.

Both mother and son are doing fine in the hospital.

An enterprising impresario who was anxious to engage Madam Patti for a concert tour, called at her home one afternoon to discuss terms.

"How much will you take for a season's tour, Madam Patti?" he asked.

"100,000," was the prompt reply.

"100,000!" exploded the producer, his eyes almost popping out of his head. "Good Heavens, woman, that's more than we pay the President of the United States!"

"In that case," said the singer, rising abruptly from her chair, "why don't you get the President to sing for you?"

"What appointment?"

"Why, don't you remember?" the salesman went on. "Every time I entered your office on earth you told me you'd see me here!"

350th COLLEGE TRAINING DETACHMENT (Aircrew)
WEST TEXAS STATE TEACHERS COLLEGE
CANYON, TEXAS

Most of us A/S's were formerly G. I.'s, just a bunch of soldiers griping our way through Army life and waiting for that certain day. I know from experience that one of our favorite gripes was the numerous, bothersome restrictions we were subject to. Then we became "gadgets" and found ourselves at West Texas. We found a different system here; most of these restrictions did not exist. Instead we found the Honor System. Gone were the sergeants formerly on our necks. We were left on our own, on our honor. There was nothing except our conscious and our inherent honesty to keep us on the ball. Some might have been tempted by this freedom; we were not. The basis of our following the rules laid down for us was the "Cadet Code." Honor, discipline, and leadership. To lead men into battle, have their lives in your hands; you must have all three. Here you are being taught the ability to lead. When you pull O. D. you are being placed with the responsibility of the complete Training Detachment.

In conclusion I'd like to leave you with this thought. In West Texas State you are entering the "grooming" stage. Take full advantage of it, and develop all of your abilities to the utmost.—Stanely S. Appel.

Ramblings and Reminiscings

Student Lt. Claude Wheatall just loves to stand at attention ever since his escapade on horseback last Sunday. It seems that Mr. Wheatall was bothered by a large body of air—between himself and the horse.

Monday night was the scene of a great exodus, when the boys of Terrill Courts, moved, en masse, to Stafford Hall. Blankets, shoes, barracks bags, boxes dogs, and Aviation Students littered Buffalo Stadium. Mr. Orr contributed very greatly to the general mess when he dropped dignity, bags and baggage to salute Student Major Wilbourne.

Sunday night's "slight breeze" stopped the boys of Flights 7 and 8 from flying and great groans were raised by all. Several of the boys had washing hanging rather haphazardly about the place when the wind started—oh, well, they didn't really want those clothes!

Student Cpl. James F. Spence is slightly peeved at the way his fellow students are always giving that cute little blonde, down in the cafeteria, the eye. Have a heart, fellows; that's no blonde—it's his WIFE!

This cold weather has given a lot of the Aviation Students an awful choice—whether to continue sleeping on the floor and thus keep the bed made up for inspection, or to give in and sleep comfortably for a change. How about it, Mr. Wyatt?

And so back to the gas pipe until next week when I hope to blaze forth again with more sleep powder for you, my devoted (Oh, Yeah?) readers. Sleep tight and I hope the Easter Bunny brings each and every one of you a large juicy carrot—I hate 'em. Jerry.

New Promotions

Recently in the Detachment Staff, new promotions were granted by Major Corbyn. Technical Sergeant Thomas W. Huffstickler, the Sergeant Major, was promoted to Master Sergeant. Sergeant Charles M. Miller was promoted to Staff Sergeant, and Corporals M. C. Mcgee and Paul R. Sammons were promoted to Sergeant.

S-Sgt. Miller and Sgt. McGee are Personnel Clerks in the Detachment Headquarters and Sgt. Sammone is Head of the Detachment Supply.

A Soldier's Letter Home

Monday Evening, Aug. 6, 1943.

Dear Mom:

Am dropping you a few lines this evening to tell you about the happenings of the past week while it is still fresh in my memory. Since I last wrote to you, Mom, your son has started flying, has been Senior Officer of the Day for twenty-four hours, and has been graduated to upper classman. I want to tell you more about it in detail.

It was quite a surprise for us to find that we were to start flying so soon. None of us boys expected to start flying for another week or so. So, when we were told that we were to start last Saturday morning we were all pleasantly surprised. Our staid Major Wilbourne was so greatly surprised that he leaped about four feet in the air and let out a warwhoop that could have been heard a mile away. Why, even "Gigs" Palermo forgot to try and gig any of the boys for raising cain that morning.

The squadron went to the Airport Saturday morning and received ground instructions. We were shown the different parts of the airplane and the different precautions to be taken. My ears and mouth were wide open. I didn't miss a thing, Mom. In fact, when the instructor was through I think I knew as much as he. I wonder if he'll let me solo tomorrow. The field is so big there that I don't see why I couldn't set a plane down in it. Seriously though, I wonder if any one in our family has ever had airsickness? If so, is it heredity? I'm wondering because all the way out to the airport and all the time that I was around the plane I had the funniest feeling in my stomach.

After staying in all week and diligently studying and waiting for Saturday afternoon to come so I could get open Post and what happens? My name comes up for Senior Officer of the Day. My tour of duty was from Saturday noon until Sunday noon. Although I was disappointed in not getting out Saturday evening, but I was glad to get the experience. And Mom, I learned one thing, an Officer does not lead an easy life. Just think, Mom, there are plenty of soldiers here at the College Training Detachment right now. Now every time that one of these soldiers meets an officer, he must, as courtesy due a commissioned officer, salute him. Now this doesn't mean just once, but every time you meet the officer. I never thought anything about this until I underwent the same thing over the week-end.

Today I am an upper classman. That is what the students that reside in Stafford Hall are called. Our squadron moved into Stafford Hall this morning. It certainly is a swell place. Every time that I enter my room I think of that family that lives near us. You know who I mean. The people that won't allow anyone in their front room unless the person removes his shoes. They are so afraid that the rug will get spoiled.

That certainly was swell of Dad to put up his car for the duration and use the money that he would have spent on the car to buy War Bonds. If more people would try to save their money and buy War Bonds this war would soon end. It is the people like you that inspire American soldiers to fight so hard for victory.

Will have to close now, Mom. Write soon.

Loads of love,
Dusty.

Visiting Officers

Last week-end, the 350th C. T. D. had with them three inspecting officers from the West Coast, whose headquarters are located in Santa Ana, California. Major Gilmore was the over-all inspector, who viewed closely the military phrase of the detachment. The efficiency and progress of flying attained by the Aviation Students was the utmost interest of Major Fonda. The achievement in the academic phrase was closely observed by Major Ferguson, whose desire is to have the students possess as much knowledge as possible before entering the Classification Center.

Sports

According to Physical Educator, Coach Miller, Squadron "W" has run the fastest three miles of any student group that he has taught. The time for the run was a little under 20 minutes. "For a group of men in training that is very good time," says Coach Miller. "The commendable thing was the way the boys all stayed together in a group. There was no one lagging behind and that is a good sign that Squadron 'W' is rounding into good physical condition."

My Misery

(Or the morning after)

"Hup, tup, trup, fup.—To de reeer Harch, re left flank Harch, left oblique harch, fooooorward Harch." Most of my "feather merchant" (civilian) readers are asking themselves, whether it is "Vegetable, Animal, or Mineral." Of the three, I think the nearest would be "Animal," or as any two day old G. I. knows a "Drill Sarge." When Lucky Strike came on the air with their tobacco chanter the radio world was astounded. Can you imagine fellers what would happen if a Drill Sarge ever gave out.

Last week I received a threatening letter from my Mom, telling me to change that "pen name" or else. So in honor of her suggestion we dedicate the following "Ode."

Now A-S Kirk heads our class,
We're proud that he's ahead,
But when he leads that Mess-Hall line,
We'd rather see him dead.

A-S Wilbourne talks so hoarse,
He claims that it's a cold,
But he's been here now for six whole weeks,
That excuse is getting old.

Here's to A-S Lewis,
Please pardon us our smile,
But that old line he shoots the gals,
Is really out of style.

Now A-S Jaffe
Is a man who can't be beat,
But the only thing that we find wrong,
His brains are in his feet.

It's A-S Gig'em Palermo, yes siree,
The man who knows the answers,
But had he known he'd be sent to school
He'd have joined the Bengal lancers.

To A-S McHugh, we tip our hat,
His departure will be classy,
For eight tough sergeants will put him on
The boat that goes to Bengasi.

Now Cpl. Anton is a good old boy,
And he's as slow as a hen layin' eggs,
But give him a pint of that Kickapoo juice
And he's the fastest thing on legs.

Here: Meet our Pvt. Roy Gardner,
The smartest in our college.
He meets and dates the pretty girls,
While all we do—is get knowledge.

Now A-S Scheidt is a sober young man,
As you'll never see him tight,
But once in awhile you'll hear him sing,
"Hic" the weather's drunk tonight.

A-S Tindle says he's a ladies man,
With his brawn, his brain, and looks,
But, we think that he cane even rate
A sneer from Baby Snooks.

A-S Niatas is the quiet type,
He never has much to say,
And the only time the words pour out,
Is when he gets his pay.

Now that you've heard my little ditty,
I know you full well agree all I will get is Pity.
Tally Ho.
Yours
"the little gadget, SSO"

Amarillo AAF Plans Big Talent Parade Show

As its special contribution to the Third War Loan Drive, Amarillo Army Air Field is planning an all-Army show for Texas Panhandle purchasers of War Bonds and Stamps September 20 at Amarillo. A burlesque of a woman's fashion show is included in the light entertainment program for which Amarillo AAF personnel are polishing up their old tricks by which they formerly earned their living. Among the talent is Pfc. Freddie Bartholomew of screen fame, now an aviation mechanic students at Amarillo Army Air Field.

Stuff and Things

Flights 7 & 8

This past week really inaugurated Squadron "T" into the school routine. We had our first taste of exams and the results were slightly disasterous. Everyone, from Capt. Brazzelle down to your correspondent, could be seen at one time or another, with hands supporting chin, mumbling under their breath. Physics took the biggest toll, though math and geography did their share.

In English, Capt. Brazzelle, a former gunnery instructor, was asked to make a speech. He delivered the same speech he, and others, had made countless times before, "How to Charge a Machine-gun." This was the first time anyone had seen Brazzelle at a loss for something to say.

There is absolutely no truth to the rumor that Lt. Schmoker has larangitis. He's just a little hoarse, that's all.

A-S Aitkin is the first soldier at West Texas State to stand inspection with his pants shined and his shoes pressed.

Congratulations to Lt. Appel, newly appointed Assistant Administrative Officer. Lt. Appel celebrated his appointment by getting three gigs on room orderly the very next day.

A-S Jimmy Bradley had his girl, from Dundee, Ohio, visiting this week. Jimmy was "out of this world." Also visiting are Mrs. Butler, Comstock, and Berg, fair damsels all!

An odd way to get gigged: A-S J. L. Billmeier was drilling when a fly landed on his nose and started walking across his forehead. When the fly fell out of cadence, 1st Sergeant Barnum handed Billmeitr two gigs.

And best wishes to the ten men who advanced to the next class because of good marks on their A-20 exam. These lucky men started flying Tuesday.

Here is a poem by A-S Walter C. Chilton. Hope you like it.

THE STARS AND STRIPES

Long may you wave, Flag of the Free,
Long may you wave o'erhead
Still may you tell to all the world
That freedom is not dead.

Around the world the blood has flowed
Out from the shattered breasts
Of those who died to stem the tide
Of Hitler and the rest.

Wave proudly o'er their homeland
For which they gave their lives.
Assure them all that the blood they spilled
Will cleanse the bloody skies
Of the tyrants and the murderers
Who threaten their loved ones lives.

Tell all the world that you still live
And will never conquered be
For 140 million will die
To keep all free men free.

That nation is worthless which does not joyfully stake everything on her honor.—Schiller.

RIGHT THERE WE'LL HAVE A CP GAS RANGE!

BUY WAR BONDS TODAY FOR THE CP GAS RANGE YOU'LL WANT TOMORROW

CP THIS SEAL MEANS
Certified Performance

Gas Ranges bearing the CP Seal meet the rigid cooking performance standards established by home economists, gas companies and gas range manufacturers combined. This Seal is your buying guide to cooking perfection. Look for it on the Gas Range you buy after the war.

You'll want a new CP Gas Range in your kitchen after the war is won. For CP Gas Ranges are built by America's leading manufacturers to meet the highest standards of the American gas industry. These are the Ranges that give you Cooking Perfection. No wonder they set the standards by which all other cooking appliances are judged. Plan now to have a CP Gas Range in your post-war kitchen. And remember, when it comes to economy, speed, convenience and performance, *Nothing Equals Gas for Cooking.*

M. J. Newman Is Band Leader

President Hill Announces Selection of Borger Man Director Buffalo Band

M. J. Newman of Borger has been elected band director at West Texas State College to succeed Mr. C. E. Strain who resigned early this summer.

Newman, who has directed the Borger High School and community band, is a graduate of Iowa State College, and has studied extensively at the University of Iowa. His professional affiliations include Phi Mu Alpha, national honorary music fraternity, the State Teachers Association, the Music Educators National Conference, and the Texas Music Educators Association, of which he is secretary.

Newman believes that a great college band can be built in Canyon, and that much can be done to do this even in time of war. He hopes to build an organization which will serve the college, the town, and the Northwest Texas area.

For individual students, he says, "It must be their laboratory source of professional training in rich routine public performance, organized methods, and playing." He states further that the program for the band will include plans for the attraction of band members, both on the campus and from the high schools of the region.

Mr. Newman will be in Canyon and ready to talk to prospective band members and individual students on and after September 20.

Jesse W. Bewley Turned in Stripes As Staff Sergeant

The News carried an item last week sent from army headquarters in Africa regarding the promotion of Jesse W. Bewly to Pfc.

On May 24 an official order was issued at the 36th Division Headquarters in Africa stating that Staff Sgt. Bewley had been reduced "to grade of private at his own request." Mr. Bewley wrote his mother on that date stating that he was happy to be free from the responsibilities of staff sergeant and that he had requested the reduction in rank.

He had been offered the opportunity of attending officer training, but had likewise refused this.

Mrs. Loyd W. Childers and Bill Ed left last Thursday for San Francisco, Calif., where they will visit with her husband who is on leave there. They will also visit her uncle and aunt, Mr. and Mrs. E. W. Woods and Mrs. Ethel Woods of Pittsburg, Calif.

Pvt. Arnold Lee Johnson is here from Camp Campbell, Ky., to visit at the home of his mother, Mrs. Celia R. Johnson.

Mr. and Mrs. Clay Cook of Denton visited with Mrs. W. S. Myers over the week end.

Mrs. B. F. Beason Received Second Card From Son

SGT. BENJAMIN BEASON

Mrs. B. F. Beason received a second card from her son, Tech/Sgt. Benjamin F. Beason Tuesday. She received the first card from her son the second week in August. Sgt. Beason is a brother of Mrs. M. O. Slack of this city.

Sgt. Beason is in Philippine Military Prison Camp No. 10-A. He reported that he was in good health. He told his family not to worry and sent love to Mrs. Slack and daughter.

Sgt. Beason was on Corregador Island when it fell to the Japs. The card in August was the first that Mrs. Beason had heard from her son since the fall of Corregador.

Mrs. Rudy Wiedner and daughter returned Monday to their home in California after visiting at the parental George Frank home west of Canyon.

Jo Veda McKee of Borger spent the week end with her cousins, Juanita and Waulene McKee.

Boy Scout Meeting Held Tuesday By Rotary-Lions Clubs

There was a joint meeting of the Rotary and Lions Clubs Tuesday for the purpose of discussing Boy Scout work.

Lion Milton Morris of the Lions Club, presided. Lion Joe Findley was tailtwister, and collected a considerable number of fines for the benefit of the Scouts.

C. A. Murray and O. W. Binefor were introduced as new members of the Rotary Club. H. C. Renfro was introduced as member of the Lions Club, and James H. Butler was welcomed back to the club.

Visitors were: Emil F. Myers, W. J. Hiatt, John S. McKnight, Chas. Rogers, all of Amarillo; Phil Sterrett of Plainview; Stanley Spencer of Kansas City, Kans.; Raymond Whittington and Chas. Strain of Canyon.

Mr. McKnight traced the history of the Boy Scout movement which was started by an English General who saw that his soldiers were not able to take care of themselves under adverse conditions. He took a group of boys to an island for 30 days and the results were so good that the movement spread. By 1903 the movement had spread over England. A Chicago publisher brought the movement to America in 1909, and it was incorporated in 1910. There are now a million and one-half Boy Scouts, and 10 million boys have been Scouts.

Wherever Scouting is strong, there is no juvenile problem. Scouts make the best soldiers, because they know how to take care of themselves. In addition, Scouts make the best sons, brothers and fathers.

Harris M. Cook stated that in his experience as dean of men of the college, discipline is rarely needed by the men who have been Scouts. Scouting develops leadership, achievement, ability for organization and instills in the boys respect of self, fellow men, country and God.

Gus Miller, speaking for the Lions, challenged the Rotarians to a series of games during the fall. All kinds of games would be played under the terms of the challenge.

Congregational and Choral Singing at Church of Christ

Song service and worship shall be rendered at the Church of Christ, Canyon, Sunday, Sept. 12, at 3 p. m.

The radio choral singers from Amarillo, under the direction of Palmer Wheeler, assistant minister of the Central Church of Christ in Amarillo, will be here. Also invitations are being sent to neighboring towns.

All who will shall be welcomed to that service.

Mrs. W. H. Harden and Mr. and Mrs. J. E. Hunter were in Pampa Monday on business.

CHRISTMAS SHOPPING FOR OVERSEAS GIFTS Begins NOW!

THIS YEAR, the gift from home is doubly precious, doubly needed. As war progresses, the tempo of action is being speeded up, all over the world. Wherever he is, the sound of mail call is the one moment of the day to which he looks forward eagerly, longing, especially as Christmas approaches. He needs your letters and he needs your gifts, and now is the time to select and mail them. Don't wait . . . for by shopping now, you help ease the strain on shipping facilities, and give your soldier, your sailor that extra "lift" that helps him go on as nothing else can. Think of it this way . . . all the blood plasma, all the sulfa drugs, all the ambulances in the world can't ease the pang of disappointment when the boys and girls in in other lands don't hear from home for Christmas.

Isn't this enough to send you downtown today . . . to select their Christmas gifts? Remember, consult your local postoffice before taking your gifts in for mailing. You may send packages up to 5 pounds without requests from the addresses between September 15, 1943, and October 15, 1943. It is important that the package be endorsed "Christmas Parcel." Shop today . . . and show them that you remember!

Warwick's has a large line of appropriate Gifts for the entire family, but the stock will not last long. Make your selections at once.

WARWICK'S

HOW TO MAIL OVERSEAS CHRISTMAS GIFTS FOR ARMY AND NAVY PERSONNEL

1. Whenever possible, select small gifts that take a minimum of cargo space.

2. Sealed packages of non-perishable matter weighing 8 ounces or less may be sent prepaid at the first class rate of 3c an ounce, without request from the service men or women.

3. Other packages not exceeding 5 pounds in weight, 15 inches in length, and 36 inches in length and girth combined, will be accepted for overseas mailing. SUCH PACKAGES WILL BE ACCEPTED BY POST OFFICE ONLY IF THE SENDER PRESENTS THE POST-MARKED ENVELOPE AND LETTER FROM THE SERVICEMAN REQUESTING THE ARTICLES IN THE PACKAGE. . . . ALTHOUGH THE APPROVAL OF COMMANDING OFFICERS IS NO LONGER NECESSARY. IMPORTANT! No written requests are needed between September 15 and October 15 for Christmas packages.

4. PROHIBITED MATTER: Intoxicants, inflammable materials (including matches of all kinds and lighter fluids), injurious chemicals. No perishable matter should be included.

5. PACKING: Use strong paper and twine, corrugated cardboard, or a special shipping box of proper size.

6. ADDRESSING: Print clearly on label the name, rank, serial number, branch of service, organization, APO number or naval unit to which serviceman is assigned and the post office through which the parcels are to be routed.

EXAMPLES:
Private Paul Jones (ASN No. 32685432)
Company A 33rd Engineers
APO 807 c/o Postmaster
New York, N. Y.

Ensign John Blask, U. S. Navy
(Naval Unit or Vessel)
c/o Fleet Post Office,
San Francisco, Cal.

Print name and address of sender in left hand corner. Write "Christmas Parcel" on the package.

Postal regulations are subject to change at any time to meet existing cargo space. You are urged to shop early and to consult your local post office before mailing any package. Use V mail wherever and whenever possible.

Canyon Schools Open Sept. 20

Enrollment of Students Will Start on Sept. 14, States Supt. J. B. Speer

Enrollment for Canyon high school students will begin Tuesday, Sept. 14, and students are requested to report for enrollment between 10 a. m. and 5 p. m. on the following dates, according to Supt. J. B. Speer.

Senior or 12 grade, Tuesday, Sept. 14.

Juniors or 11 grade, Wednesday, Sept. 15.

Sophomores or 10 grade, and Freshmen or 9 grade, Thursday, Sept. 17.

All pupils in grade school and those in high school who have not enrolled will be enrolled on opening day, Monday, Sept. 20, at which time busses will make their first run. School will be dismissed at noon, 1 p. m., and the busses will make the return run at that time. Parents are urged to accompany children to enroll and then take them home.

First grade students are urged to have their birth certificates with them at the time of enrollment.

All students are required to have vaccination certificates for smallpox and innoculation certificates for diphtheria.

All pupils new to the system from grades 1 to 6 inclusive will report to the grade school gymnasium Monday, Sept. 20, for enrollment and home room assignments.

High school students who have enrolled and paid library fees on the days listed above do not report until Tuesday, Sept. 21, at 10 a. m. at which time books will be issued, manual training and typing fees collected.

Classes will meet Tuesday afternoon on 30 minutes schedule for assignments.

Shop in Canyon regularly.

Achievement Days on Clothing Will Be Held This Month

The women in the Home Demonstration Clubs of Randall county have worked on an interesting clothing program during the year. The theme has been conservation. Many articles have been mended, made over, sold in rummage sales that they can help others, or handed down to people who are in need of clothing.

Nine clothing achievement programs will be held in Randall county in September. Miss Frances Wilroy the County Home Demonstration Agent, announces the following itinerary:

Mrs. C. N. Roark, Highland, September 21.

Mrs. Charles Thurmon, Park, September 22.

Mrs. Clarence Beckman, Umbarger, September 23.

Mrs. P. L. Walters, Edgetown, September 24.

Mrs. Forrest Gruner, Zita, September 28.

Mrs. L. S. Johnston, Ralph, September 29.

Mrs. Fred Magness, Centerview, September 30.

Mrs. B. A. Burrus, Westside, October 6.

James H. Butler Returns as Head Speech Department

Mr. and Mrs. James H. Butler arrived Friday from Longview, Washington, where they spent the last year. Mr. Butler was in the army for several months before receiving a medical discharge. He has since been on a war job. Mrs. Butler has been teaching.

They will make their home at the Prairie Lodge. Mr. Butler has been named head of the Speech Department of West Texas State for the coming year.

Students Must Be Vaccinated

Cannot Enroll Public or Training School Without Certificate of Physician

In order to try to protect the health of the people, the President of the United States has made a proclamation requesting all school children to be vaccinated for smallpox and immunized for diphtheria. The school authorities in Canyon are co-operating with the Federal Government in this undertaking.

The diphtheria immunization will cost $2.50 per person with the cost of the toxoid included. If the child has had immunization previously, it may be necessary to run the Schick test to see if it is effective. In this case the cost will be $1.00.

The smallpox vaccination will cost $1.00. Purchase your own vaccine at the drug store before you see your physician. Cost price is 25 cents.

No child will be enrolled in the Public School or the Training School at the college until they present the certificate of immunization and vaccination. This applies to the high school and elementary school alike. These certificates will be an absolute prerequisite to registration. Children without such certificates will be sent home immediately. Full co-operation with the U. S. Government in caring for the health of people must be had in this extreme emergency.

J. B. Speer, Supt.
Canyon Public School.
F. E. Savage, Supt.,
Training School.

Saw Blades Needed To Make Knives for American Soldiers

W. A. Hunter has made scores of knives which have been forwarded to American troops who are fighting the Japs in the Pacific.

Mr. Hunter needs cross-cut saw blades with which adequate knives may be made and shipped to our fighting men.

He has received old saw blades from various parts of the Panhandle, but these have been used up, and Mr. Hunter wishes to make more knives for the use of our boys.

Red Cross Room Is Closed Until New Location Secured

The store building on the west side which has housed the Red Cross sewing room since the war started has been leased to the Western Auto Associate Store, T. E. Allen, owner. Mr. Allen is starting to move to the new location in a few days.

Red Cross activities have been closed in the building until a new location is found. No more Red Cross materials will be received or issued until further notice.

Miss Wilroy Attends District Meeting

Miss Frances Wilroy, County Home Demonstration Agent, attended a bi-district meeting in Amarillo Tuesday and Wednesday. The Amarillo and Wichita districts are meeting together and this meeting takes the place of the annual state meeting which heretofore has been held at College Station.

When a dog is drowning, every one offers him drink.—Herbert.

Dr. Roy L. Johnson Started Fourth Year Local Baptist Pastor

DR. ROY L. JOHNSON

Sunday was the anniversary of Dr. Roy L. Johnson as pastor of the First Baptist Church in Canyon. He started his fourth year here.

Dr. Johnson reported to his congregation last Sunday as to the progress which had been made in the three years that he had served here.

The debt against the local church was recently paid off. A total of $40,806.38 has been paid into the church treasury during the three years.

During the past year 159 persons have joined the local congregation. The membership is now 806, including 345 non-resident members.

In addition to his work as pastor, Dr. Johnson is clerk and treasurer of the Tierra Blanca Association; president of District Nine convention; president of the Panhandle pastors' and laymen's conference; recording secretary of the Baptist General Convention of Texas. He left Sunday to attend this convention.

Dr. Johnson gives much time to community affairs, including editor of The Canyon Rim, weekly bulletin of the Canyon Rotary Club.

Mr. and Mrs. Paul Foster have returned to Sedan, N. M., where he is teaching in the public schools. They spent the summer at the G. G. Foster farm near Wayside.

Mr. and Mrs. Freeman Byrd of Fort Worth spent the week end in the home of Mrs. Byrd's parents, Mr. and Mrs. A. A. Harding.

Palo Duro News

Henry Miller returned home on Thursday of last week from St. Anthony's hospital where he recently underwent an operation.

Mrs. John Albers spent Sunday in the Geo. Albers home.

Mr. and Mrs. G. H. Leseberg and Gladys, Mr. and Mrs. Raymond Tucek and sons and Mrs. Alvina Leseberg spent Sunday in the home of Mrs. Lena Tucek.

Pfc. Leroy Boehning is home on furlough. He arrived Monday night. He has been stationed in Alabama.

Sunday dinner guests in the Herman Kuhlman home were Mr. and Mrs. Fred Gerdsen, Mrs. Freida Gurdsen and Betty Schuette.

Miss Martha Miller spent the week end in the parental Henry Miller home.

Pfc. Wm. Schuette has been transferred from California to Orlando, Fla. He is now with the Army Air Corps in the Searchlight Battalion.

Pfc. Herbert Kuhlman has been transferred from San Anonio to Dodge City, Kansas.

A/C John E. Albers has entered pre-flight training as a pilot at San Antonio.

Robert Lee Pond Killed With Gun Shot By Brother

A tragedy occurred in the Hubert Pond home near Umbarger Saturday when a gun in the hands of an older brother was discharged killing Robert Lee Pond, 11 years of age. The gun was in the hands of Charles Hubert Pond, 13 years old.

Mr. and Mrs. Pond were in Canyon at the time. The boys were playing in the home and were examining a 12-gauge shot gun. The magazine was empty, and the boys did not realize that a shell was in the barrell. The discharge hit Robert above the heart, killing him instantly. The parents were advised of the tragedy in Canyon.

The funeral was held Monday afternoon at 3 o'clock at the Church of Christ, with Rev. Raymond Whittington officiating. Interment followed in Dreamland Cemetery in charge of the Griggs-Thompson Funeral Home.

Surviving are the parents, Mr. and Mrs. Hubert Pond; one brother, Charles Hubert Pond; three sisters, Sammie Frances, twin of the deceased, Bobbie Ruth and Earnestine Jo.

Miss Gwendolyn Phillips is visiting Miss Florence Hall of Olton this week.

T. A. Black went ot Fort Sumner, N. M., over the week end on business.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of September 5, 1918)

President J. A. Hill and Prof. D. A. Shirley returned from a conference with army officers at Ft. Sheridan, Ill. The college was selected to train a group of men for military service starting about October 1.

Chas. S. Lofton resigned as local editor of the News. Walter Tacher was employed to take over the job while Clyde Warwick was overseas. Oscar Hunt remains business manager.

More Caliche Being Placed on Western Avenue By Casey

County Commissioner Calvin Casey was in Canyon Tuesday. He stated that caliche was being hauled to the 10th mile of Western Avenue, which runs south from Amarillo into his precinct. This mile is south of Highway 87.

Mr. Casey states that he hopes to have this road topped with asphalt in the future. Potter county has agreed to assist in furnishing an engineer and furnishing machinery.

Commissioner Clarence Beckman has requested aid from Amarillo in topping the road from Umbarger to Buffalo Lake in view of the heavy traffic of Amarillo people who go to the Lake every week.

Carol Ruth McKee of Borger visited in the home of her grandparents, Mr. and Mrs. W. H. McKee, over the week end.

Mrs. Jimmie Campbell and two children of Amarillo visited her mother, Mrs. I. M. Steen, Monday

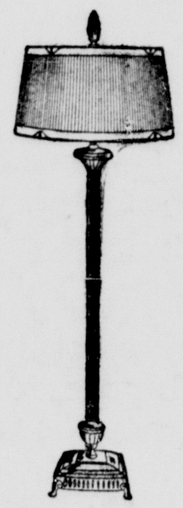
Their Eyes Need Good Lighting



NOW, MORE THAN EVER, their eyes need good lighting. Tests show that 35 per cent of all children develop defective eyesight during school and college years . . . due largely to insufficient light. Don't let this happen to your child because you failed to provide good light for him to study by.

Although there will be no more I.E.S. lamps manufactured for the duration, we give you these five points for protecting precious eyesight.

1. Keep lamp bulbs and fixtures clean.
2. Avoid direct glare from electric light globes. Use indirect reflectors whenever possible.
3. Don't work in your own shadow, especially on close work.
4. Use the right size globe to supply enough light and the proper kind of light.
5. Don't waste electricity.

RATION REMINDER

Stoves: Consumer purchases of rationed stoves must be made with a certificate obtained at local War Price and Rationing Boards.

MEATS, ETC.: Red stamps X, Y and Z good through October 3. Brown stamps becomes good September 12 and remains good through October 2.

Processed Foods: Blue stamps R, S and T, expire September 20. U, V and W, now good, expire October 20.

TO START USING RATION BOOK III

The first brown "point stamp" in War Book III will become valid September 12. This stamp, A, is good for 16 points through October 2. Brown stamps will become valid on successive Sundays and will always expire on the Saturday nearest the end of a month. They will be used for rationing meats, fats, oils, canned fish, cheese, canned milk, and all other commodities now rationed with red stamps in War Ration Book II. The small stamps bearing pictures of field guns, tanks, ships and airplanes are not yet in use. Anyone who has not received Book III may obtain one by applying to his local ration board.

FARMERS' WAR BOND QUOTA

Farmers have a war bond quota of 1½ billion dollars in the 15 billion dollar third war loan drive which begins September 9 and continues through the month. During the campaign, canvassers expect to call upon at least 3,600,000 of the nation's 6 million farm homes. Farmers' income figures point to big bond subscriptions. It is estimated that their cash income from marketings will be 19 billion dollars this year.

OVERSEAS CHRISTMAS MAIL

More than 10 million individual Christmas parcels for overseas soldiers are expected in the mailing period, September 15 to October 15. The Army Postal Service will need the full cooperation of the mailing public if packages are to reach soldiers in time. The public is asked to be sure to put the correct overseas mailing addresses on the packages and to wrap them securely, but in such a manner as to permit inspection prior to their dispatch. Every overseas package must be opened, inspected, and re-wrapped at the port of embarkation. The Army Postal Service and the U. S. Post Office Department strongly urge that packages be mailed September 15 or immediately thereafter.

FATHER ENLISTS AFTER SONS DIE

A 54-year-old Wisconsin farmer whose two marine sons gave their lives in the war against Japan, is now a marine private doing guard duty somewhere with his companion sentry, a powerful Doberman-Pinscher dog. Private Frank W. Winterling said it was only natural for him to enlist in the branch of the service in which his two sons died in order that his daughters, Jane and Kate, might continue to enjoy "the advantages that were guaranteed to me under our system of government." One of Private Winterling's sons, Marine Corporal Joe N. Winterling, died at Bataan, and the other, Marine Sergeant Frank E. Winterling, died at Guadalcanal.

RATION POINT CHANGES

Reflecting an improvement in civilian meat supplies, the ration cost of most lamb and bacon cuts, sirloin steak and rib roasts has been reduced from one to two points for September. In addition, several variety meats also have lower point values. Creamery butter increased two points to 12 points per pound. Country butter, however, has been assigned a value of six points per pound. The purchasing power of meats-fats stamps in September will be a little larger than in August because the decrease in meat point values more than cancels the higher ration cost of creamery butter.

BLUNDER WILL NOT BE REPEATED

"In spite of a 1944 program designed to achieve the greatest food production in U. S. history, good soil conservation practice can be followed," recently declared Judge Marvin Jones, War Food Administrator. "Thus," Judge Jones said, "the U. S. can avoid the tragic blunder of the other war when land was plowed up without regard to its fitness and the soil was allowed to wash and blow away without any adequate means to prevent it. That blunder," Judge Jones promised, "will not be repeated."

NURSE CORPS FUNDS APPROVED

Funds have been approved to provide complete tuition, fees, stipends, maintenance and uniforms for an anticipated 10,175 student members of the U. S. Cadet Nurse Corps. Over 500 state accredited schools of nursing have applied to the U. S. Public Health Service for participation in the program. To date, 67 have been approved.

ADD TO NAVY CHAPLAIN'S CORPPS

Although more than 1,500 Chaplains now serve the Navy, the Coast Guard, and the Marine Corps, more must be added. "Global war," explained Captain Robert D. Workman, Chief of Chaplains, U. S. N., "means a global service of religion to the fighting forces—from Alaska and Sicily to the South Pacific, and aboard the ships of the fleet on all the oceans. We must minister to more men under a greater variety of difficult situations than ever before."

PRUNES AND RAISINS RATIONED

Dried and dehydrated prunes and raisins were restored to rationing September 5. Values were placed at four points per pound. Allocations of dried prunes and raisins to Government agencies will be large. However, the balance of raisins and dried prunes available from the year's production for civilian distribution is expected to be over 90% of the average annual civilian supply for a five-year period preceding rationing.

"HOME FRONT PLEDGE" DRIVE ON

A nation-wide, cooperative campaign by homemakers and merchants to hold down the cost of living and combat black markets is being conducted by volunteer civic committees in more than 100 communities through local drives to secure signers for a "Home Front" pledge. Nearly one million pledges have been signed already. Those signing agree (1) "I will pay no more than top legal prices" and (2) "I will accept no rationed foods without giving up ration stamps."

The World's War-Free Frontier!
. . . be ready to drive right over

No fierce border forts or haughty garrisons separate the U.S. and Canada, where peace-loving good neighbors welcome you. But there's fight in the fish up there. "When the lights go on again, all over the world," you can steer for the Canadian Rockies or quaint Quebec, without even a passport. You'll need a car, of course, but re-designing and re-tooling for new cars will take long months. So for prompt recreation after hard-earned Victory you'll need your present car!

But note: Rationed mileage that might seem to conserve your car now, may actually be destructive, because it encourages the inroads of engine acid!

You don't want that, and that's why to have your engine OIL-PLATED by changing to Conoco Nth motor oil. It's popular-priced but includes the modern synthetic whose strong "magnet-like" force attaches OIL-PLATING and maintains it—even for days—on inner engine surfaces, sort of "walling them off" from corrosive acid.

Always produced by combustion, this acid was little worry when constant driving kept the heat on it. Yet now, despite aggravated conditions, acid can be still less worry!—because you can OIL-PLATE with Nth today, for your engine's future. Continental Oil Company

College Work to Be Open Citizens

Groups May Secure Work In W. T. to Suit Time and Place of Members

Adult education will be one of the principal features of West Texas State this year. Classes will be organized for any group of citizens in Canyon to meet at any time and at any place that will meet the convenience of the citizens.

Dr. S. H. Condron has sent letters to a large number of Canyon citizens asking if they are interested in taking adult educational work. President J. A. Hill and Dean R. P. Jarrett have approved the plan of extending the facilities of the college so that every citizen of Canyon may take advantage of the facilities of the college.

"Groups need not meet at the college building, as instructors will be sent to any place in Canyon where a group wishes to take these courses," stated Dr. Condron. He urges that members of clubs and all kinds of organizations consider the wide range of courses which are available to the citizens of Canyon and then organize classes. Classes will meet during the day, or at night, according to the convenience of those who take the course.

Adult classes have been conducted in other towns during the past year. The plan has been highly successful at the Amarillo Center of West Texas State.

Five Men Leaving Friday Morning For Fort Sill

Five men will leave Friday morning for Fort Sill to begin their military training. These men were accepted at the induction station at Lubbock last month and given a 21-day furlough.

The group is composed of James William Oakes, Harold Rufus Hamm, William Price Shipley, Virgil Elvin Walton, George Allen Gwyn.

T/5 Floyd R. Dunsworth and Mrs. Dunsworth are here from Camp Barkeley, Abilene, on a ten day furlough. They are visiting in the home of Mr. and Mrs. G. C. Cole.

MONTE WESLEY DISCHARGED

Pvt. Monte S. Wesley has been given a medical discharge from the army. He has been at Camp Barkeley since induction in July.

District Court Now Open Continuously for Non-Jury Cases

Non-jury cases may be tried in District Court now at any time. Under a new law district court terms are never closed and the presiding judge will hear such cases at his convenience.

Judge Henry S. Bishop was here three times last week looking after court business.

The September term opens Sept. 27. Men to serve on the grand jury have been called, but no petit jurors have been called.

MARRIAGE LICENSE

Hial Perry Witherspoon and Mrs. Ella Mae Middleton, Sept. 3rd.

A. C. Carson and Mrs. Moreen Babb, Sept. 3rd.

Dr. L. F. Sheffy returned Sunday from Austin where he has been gathering materials on the life of the late D. T. Hobart.
